

Dispensers

Cosmetic Dispenser Solutions for Sustainable Hospitality

With an unprecedented and long-lasting trend towards environmentally friendly sustainable hospitality, dispenser solutions are now in greater demand than ever before. HD Fragrances offers a number of attractive dispensing systems to make body care for your guests a pleasant and convenient experience. Discover our environmentally friendly, closed hygienic solutions with the added benefit of cost savings.

Our tamper-resistant fixtures allow you to feature your choice of branded and customized amenities for your guests, elegantly **limiting** your carbon footprint, **enhancing** the guest experience, and increasing your bottom line.

Customization available with a minimum order of 2,000 units per product.

Press & Wash

Environmentally Friendly Solutions for Sustainable Hospitality

Our attractive **Press & Wash** dispenser solution is ideal for hotels and cruise lines looking for a high quality branded cosmetic product in a hygienic closed system.

Long lasting 300ml refill bottles can be used easily with one hand and require just a small squeeze. The special top prevents dripping and the theft proof bottles are easy to install and replace.

We offer the choice of one of our signature brands in either classic or organic formulations as well as the possibility to develop a bespoke packaging and fragrance.

Advantages:

- Hygienic closed system using 100% recyclable bottles
- Fast and clean bottle change
- Bottle with level indicator empties easily & completely for zero waste
- Theft-proof key locking system
- Economic dosage, contents will last approximately 3 weeks

Product	Format	Units Case
Gentle Shampoo Hair and Body	300ml Bottles	33
Hand and Body Wash	Wall Support available in Chrome, White, Black or Transparent	1
Hydrating Body Lotion

Pump Dispenser

Environmentally Friendly Solutions for Sustainable Hospitality

We offer a range of shower products, hand soap or body lotion in convenient 300ml pump-dispenser bottles. With a slight press of the fingertip hotel guests receive exactly the desired amount. No post-use drips. And for housekeeping that means simple cleaning and the possibility for re-filling. These products can be combined with the wall-mounted bottle holder, available in a single and double variant. The dispensers also have a 5 litre refill.

We offer the possibility to use our own signature brands with a choice of pump dispenser bottles or the option to develop a fully bespoke packaging and fragrance with your hotel logo.

Advantages:

- Hygienic closed system using 100% recyclable bottle
- Easy to install and use
- Fast and clean bottle change
- Bottle with level indicator empties easily & completely for zero waste
- Theft-proof key locking system
- Economic dosage, contents will last 3 - 4 weeks

Product	Format	Units Case
Gentle Shampoo Hair and Body	300ml Bottle with Pump	30
Hand and Body Wash	5 Litre Refill Container	2
